

2020

IMPACT REPORT

HEY EVERYONE!

Just like for so many of you, 2020 proved to be a challenging year for Camp Tatiyee. One of our biggest challenges - devising a plan to keep our amazing camp counselors. Tatiyee's counselors know how to take care of specific campers and that knowledge is essential! We also know how important it is for campers to be familiar with staff so campers feel safe when they return.

So we invented the Tatiyee Home Crew. This crew of 21 camp staff (plus leadership) committed to working in 2021, while also working from home in 2020 to make videos they knew campers would enjoy.

It was a lot of hard - and fun - work! You'll see why when you check out these numbers:

3 videos teams created brand new videos all summer-long

256 emails were sent daily with the latest video

400-550 people watched the videos

130 videos were created

8,000+ views on YouTube

2 social groups met 2x a month to fight depression and deepen community

15-minute virtual sessions scheduled with staff and individual campers

I am immensely proud of our team's dedication to our campers and our ability to re-invent ourselves so quickly. Thank you for continue to support Camp Tatiyee and creating a community that is strong, no matter what!

LOOK WHAT YOU MADE POSSIBLE IN 2019

Thanks to your support and a lot of hard work, **Aspen is complete!**

Since we couldn't stay at camp this summer, Camp Tatiyee became home to traveling nurses working at Summit Hospital.

Camp Tatiyee was accredited by the American Camp Association again.

This just goes to prove that camp is on the cutting edge of health, safety, and program quality.

We were proud to have 21 staff served in 2020 who plan to return in 2021.

During typical years, we serve around 400 campers. Going virtual this summer allowed us to serve 400-550 campers (and their families) **each week!**

"Having a virtual camp experience was an experience I'll never forget, it occupied my mind and helped me not focus so much on the isolation that we are all in and lowered my anxiety level, thank you."

Camp Tatiyee served campers entirely free of charge to their families. And we remain dedicated to serving ALL members of the Arizona special needs community - including adults.)

SEE THE MAGIC COME TO LIFE

Watch Jeremy's video for a glimpse of what makes Camp Tatiyee so magical.
